ELIGIBILITY AND POLICY DURATION.

- The Named Vehicle shall be eligible for coverage under this Warranty, provided the Named Vehicle is within either of these categories:

	CATEGORY A	CATEGORY B
Eligibility	(i) Below five (5) years old and has a mileage reading of less than one hundred and thirty thousand (130,000) kilometers.	(i) Below five (5) years old and has a mileage reading equivalent to or of more than one hundred and thirty thousand (130,000) kilometers but less than two hundred thousand (200,000) kilometers; or (ii) Between five (5) to nine (9) years old and has a mileage reading of less than two hundred thousand (200,000) kilometers.
Policy Duration	(i) Twelve (12) months from the inception date or up to one hundred and fifty-five thousand (155,000) kilometers, whichever comes first.	(i) Twelve (12) months from the inception date or up to two hundred and twenty-five thousand (225,000) kilometers, whichever comes first.

- For the avoidance of doubt, vehicle age calculation will be calculated based on vehicle's first registration date to Jabatan Pengangkutan Jalan (JPJ).

BMW Extended Warranty Plan is a limited warranty plan underwritten by Allianz General Insurance Company (Malaysia) Berhad. (Company No. (200601015674 (735426-V)).

In the event there is dispute on the BMW Extended Warranty booklet, the Policy Wording shall prevail.

BMW EXTENDED WARRANTY PLAN.

In the event of a Mechanical or Electrical Failure, the BMW Extended Warranty Plan shall provide coverage for the following Covered Components up to the Claims Limit, which shall be an aggregate of RM50,000 per vehicle.

 <p>Engine</p>	<p>(a) Cylinder block, crankcase, cylinder head, cylinder head gasket, rotary engine casing, oil pan, oil pressure switch, oil filter casing and all inner/core parts that are connected to the oil circuit (excluding joints and gaskets), flywheel and drive pulley with toothed rim, crankshaft vibration dampers, camshaft belt or drive chain with clamping device and tension/reversing pulley, mechanical parts of the suction pipe, and turbocharger with control unit;</p>
 <p>Gearbox (Automatic and Manual)</p>	<p>(b) Gearbox casing and all inner parts, torque converter, transmission control unit, and electro-hydraulic switchgear unit; and</p>
 <p>Steering</p>	<p>(c) Mechanical or hydraulic steering gear with all inner parts, electrical power steering engine, hydraulic pump with all inner parts and electronic steering components.</p>

DISCOVER YOUR PLAN.

BMW EXTENDED WARRANTY PLUS PLAN.

In the event of a Mechanical or Electrical Failure, the BMW Extended Warranty Plus Plan shall provide coverage for the following Covered Components up to the Claims Limit, which shall be an aggregate of RM50,000 per vehicle.

The 3 Covered Components under the BMW Extended Warranty Plan.	
+	
 Brakes	(a) Master brake cylinder, brake booster, vacuum pump, wheel cylinder, hydraulic elements of the brake caliper, braking force limiter, wheel speed sensors, controller and hydraulics of the anti-lock braking system;
 Axle Drive and Axle Suspension	(b) Cardan shaft, axle drive shafts, driving joints (excluding seals), wheel bearings, and wheel hubs;
 Axle Differential	(c) Axle transmission housing (front - and rear-wheel drive) including all inner parts, electronic and mechanical differentials lock;
 Clutch	(d) Master cylinder and slave cylinder;
 Fuel System	(e) Fuel pump, injection pump, injector nozzles, fuel injectors, carburettor;

 Cooling System	(f) Water pump, water cooler, heat exchanger, thermostat, fan (electric and mechanic, incl. viscous clutch, without fan wheel), fan control, radiators for automatic transmission, thermal switch, motor oil cooler;
 Air-Conditioning System	(g) Compressor, capacitor, radiator fan with regulator and evaporator;
 Exhaust System	(h) Exhaust manifold (except as complete unit with catalyst and/or particle filter), and oxygen sensor;
 Electrical System	(i) Alternator with automatic controller, starter, electric/electronic parts and sensors of the ignition system (excluding ignition cables, distributor cap with rotors and spark plugs), parts of the preheating system (excluding glow plugs and fuses), valve train control unit, valve train electronic and electromechanical parts and sensors, and valve train wiring harness;
 Safety System	(j) Electronic sensors and the pyrotechnic propulsion unit as well as the airbag and belt tensioner control unit;
 Comfort Electronics System	(k) Rear window heater elements (glass breakage excluded), heater actuators, heat blower motor with amplifier or series resistor, seat heating elements, central locking motors, central locking control unit, immobiliser, electronic sunroof, instrument cluster, on-board computer (multifunction display) and electrical system control unit, park distance control sensors; and
 Driving Dynamics System	(l) Controllers and sensors for electronic and electromechanical driving dynamics systems, without wirings and attached pneumatic and/or hydraulic units.

TERMS AND CONDITIONS.

GENERAL CONDITIONS.

1. It is a condition under this Warranty that the coverage provided shall cease to operate and no claims will be accepted in the event the Named Vehicle:
 - (a) has been modified from the Named Vehicle's manufacturer's original specifications, unless endorsed by Allianz General Insurance Company (Malaysia) Berhad ("the Company");
 - (b) is being or has been used or tested in preparation for or participation in any form of motorsport;
 - (c) is being used for hire, driver instruction or conveyance of passengers, for fare or reward (including car rental) except for private carpooling arrangements;
 - (d) is being used as a police or other emergency vehicle;
 - (e) was not imported into Malaysia by the Named Vehicle's manufacturer or such manufacturer's authorised Malaysian distributor;
 - (f) is being used for a purpose for which it was not designed;
 - (g) has not been serviced in accordance with the servicing requirements as required by the Named Vehicle's manufacturer;
 - (h) has an odometer reading which cannot be determined as accurate by virtue of the odometer having been inoperative, tampered with or removed from the Named Vehicle;
 - (i) is being used for courier purposes;
 - (j) is unroadworthy or unregistered.
2. If a Covered Component of the Named Vehicle suffers a Mechanical or Electrical Failure during the Warranty Period, the Company will pay the Authorised BMW Service Centre the cost of repairing the Mechanical or Electrical Failure or replacing the relevant Covered Component, where applicable, up to the Claims Limit which is more particularly set out in the Warranty Certificate.
3. The company shall not be liable for the cost of repairing any Mechanical or Electrical Failure or replacing the relevant Covered Component during the No Claim Period for the Named Vehicle which its Manufacturer's Vehicle Warranty has expired. For the avoidance of doubt, the term "No Claim Period" means the twenty-one (21) day period calculated from the inception date of coverage under the Warranty Certificate during which the Company will not pay for any Mechanical or Electrical Failure of a Covered Component.
4. For the avoidance of doubt, the coverage under this BMW Extended Warranty Plan shall commence immediately following the expiry of the subsisting manufacturer's warranty for the Covered Components, if any.
5. The terms and conditions of the BMW Extended Warranty Plan may be varied or amended when necessary without prior notice to you, the Owner of the Named Vehicle.

EXCLUSIONS.

1. This Warranty does not cover any loss, damage, liability or cost directly or indirectly incurred or caused by or contributed to or arising in respect of or under the following circumstances:
 - (a) repairs or replacement of any Non-Covered Component;
 - (b) any Covered Component that requires replacement as part of the normal maintenance of the Named Vehicle including but not limited to spark plugs and leads, glow plugs, belts, filters, hoses, brake and clutch linings, brake pads, disc rotors and/or disc and drum machining, batteries and globes;
 - (c) any Mechanical or Electrical Failure covered by any other warranty, entitlement or recall campaign, including any Manufacturer's Vehicle Warranty, dealer's statutory warranty and/or repairer's guarantee;
 - (d) any Mechanical or Electrical Failure attributable to the abuse or the continued use of the Named Vehicle after a fault has become evident (including loss of lubricants and/or coolant);
 - (e) any claim where the damage to a Covered Component was caused by a Non-Covered Component;
 - (f) any claim attributable to a failure to follow the Named Vehicle's manufacturer operating guidelines or a Mechanical or Electrical Failure arising from use of the Named Vehicle beyond the manufacturer's operating limitations;
 - (g) whilst the Named Vehicle is used for a purpose for which it is not licensed;
 - (h) any modification of a Covered Component from the manufacturer's specifications;
 - (i) damage to any Covered Component resulting from an impact or road traffic accident, fire, loading beyond the specified vehicle weight rating, theft, vandalism, riot, terrorist act, war, political risk (e.g. confiscation), criminal act, explosion, lightning, earthquake, volcanic eruption, windstorm, hail, water, freezing or flood;
 - (j) slight irregularities of any Covered Component not recognised as affecting the quality or function of the Named Vehicle such as slight noise or vibration and defects appearing only under particular or irregular operations;
 - (k) Normal Wear and Tear of the Covered Components;
 - (l) where the fault causing the Mechanical or Electrical Failure was evident prior to the expiry of the Manufacturer's Vehicle Warranty or the Inception Date, whichever is earlier;
 - (m) any claims where the repair has not been carried out at an Authorised BMW Service Centre, unless authorised by the Company prior to the claim;
 - (n) any Mechanical or Electrical Failure caused by unauthorised repairs;
 - (o) any Mechanical or Electrical Failure caused by detonation, contaminated fuel, or the incorrect grade of fuel;
 - (p) any maintenance, adjustment, upgrade, modification and/or re-programming required for any Covered Component;
 - (q) the cleaning of any Covered Component, including the removal of any carbon or sludge; and
 - (r) diagnostic costs which may be incurred in respect of the Covered Components, unless accepted by the Company as part of an authorised claim;
 - (s) if the Named Vehicle has been declared a total loss, salvaged or junk vehicle;
 - (t) any consequential loss, damage or liability incurred as a result of a Mechanical or Electrical Failure (including personal liability);
 - (u) expenses charged for non-specific materials or shop supplies;
 - (v) repair(s) or replacement(s) of Covered Component(s) made solely to meet or maintain any governmental emission standards;
 - (w) any Mechanical or Electrical Failure caused by misuse, neglect, abuse, negligence and/or lack of normal maintenance or improper servicing;
 - (x) any Mechanical or Electrical Failure caused by the use of the incorrect grade, the contamination and/or the failure to maintain proper levels of any fluids or lubricants;
 - (y) any Mechanical or Electrical Failure that can be attributed to the Named Vehicle being fitted with a liquefied petroleum gas ("LPG") unit other than a unit supplied, fitted or endorsed by the manufacturer of the Named Vehicle. Parts expressly excluded for engines running on LPG include but are not limited to airflow meters, fuel pumps, injectors, inlet and exhaust valves, valve guides and/or seats, exhaust systems and all inlet tract components;
 - (z) any claims where the Company was not contacted prior to the commencement of the repair(s) or replacement(s) where the Company has not issued a work authorisation number;
 - (aa) wheels, tyres, paintwork, panel-work and bodywork and their components including but not limited to lamps and lamp units, weather-strips and seals, components made of glass and/or trim or decorative components;
 - (bb) interior trim components, including but not limited to seats and seat mechanisms, cup holders, ashtrays and related components made of glass and/or decorative components;
 - (cc) any claim relating to the excessive use and/or burning of oil where Mechanical or Electrical Failure has occurred and the condition relates to normal wear of the Named Vehicle;
 - (dd) exhaust system components, including mufflers, pipes and catalytic converters;
 - (ee) any Mechanical and Electrical Failure caused by electrolysis; or
 - (ff) any tappings, threads and/or fixing and fastening devices.
